

TOP REASONS TO CHOOSE AXIGEN BUSINESS MESSAGING

The perfect messaging solution for businesses of all sizes

Powerful technology at your service, adapted to work the way you do

Just the right touch of everything: email, calendaring & collaboration

FREE basic users included for packs under 100 accounts

The investment that's well worth your money.

In these times of tight IT budgets, we are bringing you the full benefits of email communication and collaboration in the most cost-effective manner. Build your success relying on our powerful, business-level messaging technology, secure and flexible enough to allow you to work on your own terms.

Gabriela Mechea,
Axigen CEO

Powerful & Consistent, Yet Affordable

Increase your company's success with our state-of-the-art messaging platform, with a minimum initial investment

Fully cover your business messaging needs

Manage your email, organize & share calendars, sync your mobile, all with this reliable & secure messaging platform.

Save up to 50% on hardware

Count on Axigen's impressive processing speed & effective space management. See [our benchmarks](#) or [this case study](#) on getting [the right fit & Linux compatibility at the right cost](#).

Switch platforms (Linux / Windows) without any additional costs

Meet regulatory compliance requirements

Count on us 24x7

Benefit from our primary line of support all year round (software maintenance is included); also available in your local language via partners.

Highly Productive Messaging

Build the path to higher productivity, lower labor costs and eventually more profits, based on Axigen

Save time with seamless migration & quick installation

Easily grow & expand your business operations

Thanks to Axigen's scalability & flexibility, you can quickly accommodate new users & features, according to your changing business needs.

Integrate Axigen with third-party applications

Achieve new levels of efficiency & productivity

Based on our premium services (such as WebMail, Outlook Connector, Calendaring, Collaboration, Mobility) you can organize your business more efficiently & easily enable email communication & collaboration with employees, customers & partners, at anytime, anywhere.

Reduce operational / IT staff costs & ease the management burden

Stay worry-free thanks to our exceptionally reliable platform with effortless administration (via an intuitive web console or CLI) & maintenance.

Move securely forward, under friendly licensing terms

- "Pay for what you use" licensing policy
- Perpetual license (lifetime usage)
- Migration from your legacy mail server
- Easy license upgrades & updates

Get lots of free, basic email users for packs under 100 premium users

Axigen helps you kick-start your business & keep communication costs to a minimum by offering free basic users for licenses under 100 mailboxes.

Licensing		
License duration	Perpetual	
Mailboxes	Starting from 10 users	Up to 90 users ³
Domains	Unlimited ⁴	

¹ Premium users refer to the number of paid mailboxes / users in the Axigen license.

² Basic users refer to the number of free mailboxes / users included in every purchased Axigen license of less than 100 accounts.

³ Business Solutions packs of 10, 25, 50 and 75 premium users also include an additional number of complimentary, basic email users, in the amount of 90, 75, 50 and respectively 25.

Note: Basic users cannot be turned into premium users. To increase the number of users with premium features, an upgrade to the next available license pack is required.

⁴ The maximum number of domains cannot exceed the maximum number of premium users specified in the messaging solution license.
